COLCHESTER LOCAL HIGHWAY PANEL REPORT 2 - SCHEMES AWAITING FUNDING LIST

This Schemes Awaiting Funding List identifies those scheme requests, which have been received for the consideration of the Colchester Local Highways Panel (LHP).

In February 2023 it was agreed, at ECC Full Council, that the 2023/24 Capital Budget for the twelve Local Highway Panels would remain the same as 2022/23. As in 2022/23 the Casualty Reduction Sites across the County are being funded from a central pot of monies derived from the existing LHP funding allocations.

Also, in 2023/24 part of the LHP funding is being set aside for carriageway improvements. This has reduced the overall Colchester LHP budget allocation for highway improvements from the Schemes Awaiting Funding List to £250,000.

An additional £500,000 is being provided to the Panel to allow Members to prioritise Footway Schemes and Footway Minor Works to be undertaken in 2023/24 from separate lists provided outside of the Panel meetings.

In the April 2023 Panel meeting it was agreed to fund some of the 2022/23 Carry Forward schemes using the available 2023/24 LHP Capital Budget. We are currently awaiting a decision from ECC Finance on the funding of all 2022/23 Carry Forward Schemes.

At the December 2022 Panel meeting Members were asked to nominate two Priority schemes and one Reserve scheme. In the June 20213 Panel meeting the Panel reviewed those Prioirtised Schmees and agreed to those additional schemes they would like to see delievered in 2023/24 subject to the available funding. These schemes now appear on the Funded Schemes List as Prioritised Schemes.

The Panel may also choose to remove any schemes they would not wish to consider for future funding.
