Good afternoon [REDACTED]

Because there was a sole objector to [REDACTED] proposal to divert the above footpaths it is now necessary to refer the diversion order to the Planning Inspectorate for determination.

As part of that process I need to submit various documents to the Inspectorate to enable them to make an informed decision.

Can you therefore please sign and return (ideally by email) the attached document to me, which will allow the Inspector to walk the proposed routes when they undertake their site visit. In respect of your landownership this applies to a section of footpath 8 Tendring (original diversion plan attached).

Kind regards
