

**REF: CW02/ROCHFORD**

Residents of Rochford near the Bloor Homes site off of Ashingdon Road  
Rochford

30<sup>th</sup> of November 2023

Dear Resident

Hope you are well.

As you may know there are some significant road improvement works to be carried out on Ashingdon Road outside of Holt Farm school and the new Bloor Homes site in 2024.

The works include the widening of the road where the site access is, renewal of the existing pedestrian crossing, renewal of pedestrian railings and resurfacing of the footpaths affected by the road widening.

The works will commence on the 2<sup>nd</sup> of January 2024 and are targeted to be completed by July.

The traffic management will be pedestrian crossings at each end of each phase of works which is the same manner of traffic management that has been in use during the months of September/October this year, however, during the phases where we are to widen the road there will only be one lane in use 24 hours a day due to the nature of widening the road meaning deep excavations.

There will also be a week of night-time road closures to resurface the road. Another letter will be sent nearer the time detailing this phase of work and the times that the closure will be in place.

Whilst our works take place the bus stops outside of the school will be suspended and a temporary bus stop will put up further down the road.

We apologize for any inconvenience caused and thank you for your cooperation. If you have any queries, please contact me directly on 07969 181395.

Kind regards

**Chris Wheelwright**  
**278 works and Infrastructure Manager**
